## *Who Would Have Guessed It?*

**Despite fears of local officials that a 350-voter quorum couldn't be reached for a Town Meeting in Mid-August, East Jr. High School's Memorial Hall Auditorium was nearly filled Monday night. Some voters were rumored to have returned from "Up Country" just to vote funds for the new high school roof. Town Moderator William Dalton called the meeting to order at 7:40 - - the earliest a quorum has been reached, he said, in the last couple of years.**

# Roofing To Begin By Sept. 1

*Committeeman Joseph Finn*
*. . . first to note roof crisis*

**By Linda S. Corbett**

The roofers will beat Andover High pupils back to school this fall, thanks to an "overwhelming" vote of Special Town Meeting Monday night.

Some 600 voters turned out in spite of official fears that the 350 quorum wouldn't be reached in the middle of August, and approved the transfer of $189,000 from existing funds for a new roof for the relatively new 10-year-old building.

The Thomas Construction Corp. of Winthrop was awarded the contract for the job on Tuesday, to the tune of $158,000. According to the contract work must begin within two weeks and be completed by October 31.

The action is none too soon.

While the consultant expects "no siginifcant disruption" of classes, there's bound to be some, and if construction lingers until winter, the trouble could start all over again.

School officials had earlier warned that if the roof weren't repaired or replaced by fall, some classrooms would have to be closed off during rainy spells, and the gymnasium floor might have to be replaced at a cost of half a million dollars.

Town Moderator William Dalton called the meeting to order at 7:40 p.m., with his appreciation for the "excellent showing" which, he said, further proved the viability of Town Meeting form of government.

He also noted that the School

## *Lowell Junction Hearing Scheduled*

A solution to Lowell Junction traffic problems may not be exactly imminent, but a giant step in that direction will be taken Wednesday when the Merrimack Valley Planning Commission holds a public hearing at 7:30 p.m. in Sanborn School.

The hearing particularly concerns the construction of an access road or I-93 interchange at the Lowell Junction industrial area, where predictions indicate employment could quadruple in the next 20 years, and where roads are already inadequate.

Town officials have been "diligently pursuing" a solution for several years, while residents have been complaining about increasing problems as trucks roll through Ballardvale on their way to the area.

Assistant Town Manager Sheldon Cohen said this week the hearing is necessary before a formal request for a solution can be made through the Massachusetts Department of Public Works to the Federal Highway Administration.

A completed solution, with federal and state funds, however, still may be five years off. Even after the formal request is made to the FHWA, Cohen said it will take two years for them to do a full environmental impact study and consider all the alternatives. A realistic construction schedule would put completion two to three years beyond that.

"The most important thing," Cohen said, "is that we have an area that has a lot of potential for anyone who looks at it, and that it does not have significant

*New Homes Worth $802,000*

# July Building Tops $1 Million Here

Twenty-one new homes, with an estimated worth of $802,000, made up the biggest share of building permits issued during July by the office of Building Inspector Arthur Peatman.

The new housing starts continued the upward trend that saw a total of 153 new homes authorized during the first six months of the year, 57 more than the total for the same period in 1975.

Additions and alterations and other buildings brought the estimated value of all July permits to $1,140,236. A total of $3,314 was received in building fees.

New dwellings: Adel A. Fadili, 27 Enfield Drive, $37,000; Yvon Cormier Const., 25 Yardley Road, $37,000; Richard Roper, 22 Sandalwood Lane, $30,000; Yvon Cormier Const., 7 Copely Drive, $37,000; Arrowood Builders, 10 Tiffany Lane, $30,000; Arrowood Builders, 12 Tiffany Lane, $30,000; Equity Mgt. Group, Inc., 7 Tiffany Lane, $34,000; Thomas F. Kennedy, 39 Wethersfield Drive, $45,000; Richard Roper, 28 Sandlewood Lane, $36,000; Patrick S. Cone, 1 Rattlesnake Hill Road, $25,000.

Also: John Upton, 12 Bateson Drive, $55,000; Fadili Const. Co., Inc., 13 Enfield Drive, $37,000; Larry Gelp, Equity Builders, 3 Tiffany Lane, $34,000; Paul K. Butt, 34 Tilton Lane, $34,000; Walter J. Pupkis, 302 Brierwood Cir., $40,000; Paul K. Butt, 23 Tilton Lane, $34,000; Martin Realty Trust, 51 Rindge Road, $40,000; Yvon Cormier Const., 24 Copely Drive, $37,000; Mifflin & Fogarty, 3 Pleasant St., $35,000; Arrowood Builders, 4 Tiffany Lane, $30,000; Dwain Smith, 62 Abbot St., $85,000.

Additions and alterations: Paul C. Lindsey, 25 Bateson Drive, deck, $300; Dick Lally, 78 Main St., replace roof, $1,000; Mental Health & Retardation, 21-23 Bartlet St., interior alterations for Fidelity House, $10,000; Leslie Trombly, 181 Andover St., interior alterations, $5,000; Antonio Abate, 126-128 Main St., interior alterations, $1,200; Henry E. Menkes, 1 Donald Cir., install 3-ton airconditioner, $2,300; C. Dana Johnson, 6 Rock-o-Dundee Road, open deck, $1,400; Arlington Trust, Shawsheen Plaza, interior alterations, $75,000; Christ Church Thrift Shop, 10 Park St., interior alterations, $20,000; Fred Gridley, 39 Kathleen Drive, deck, $3,350; David Breitman, 238 So. Main St., interior alterations, $6,000; Hilda Consolie, 84 Salem St., reroof, $900; Louis Mirrisola, 142 Haggetts Pond Road, family room, $3,000; Leon B. Shapiro, 12 Chandler Road, roof on porch, $350; Clifton R. Milne, 87 High St., close in porch, $950; Thomas P. Eldred, 8 Burnham Road, repair front porch, roof over existing rear porch, $2,000; Joseph C. Sullivan, 6 Monahan Lane, enclose porch, $1,000; Jabour Bethoney, 35 Morton St., enclose porch, $2,000; J. Crossley, 35 Rocky Hill Rd., screen-in porch, $2,600; Arthur Guillet, 28 Maple Ave., re-roofing, $2,293; Thomas Aprille, 30 Kathleen Drive, sun deck, $975; Mr. Grassi, 19 Arundel St., remodel bath, $1,600; Alfred Belanger, 158 Greenwood Road, add storage, $2,000; Earnest Gravallese, 175 Lowell St., alterations to bedrooms, bath and fireplace, $5,000.

Also: Walter J. Corcoran, 14 Marie Drive, enclose porch, $4,000; J. J. Cronin, 43 Clark Road, central air conditioning, $1,600; Howard A. Young, 105 Salem St., enclose porch, $600; S. G. Marino, 367 No. Main St., interior alterations, $3,000; Prudential Insurance, 91 Main St., iron fire escape, $1,000; Graves Hall, Phillips Academy, music practice rooms, $9,500; Walter R.

## *Growth Policy, Capital Budgeting On Agenda*

Topping the agenda at Monday night's meeting of the Board of Selectmen, will be a discussion of a Growth Policy Survey, and a presentation on a capital budgeting system for the town.

According to Assistant Town Manager Sheldon Cohen, the growth questionnaire will go out to every household after Labor Day, giving residents an opportunity to speak their minds on just how they would like to see the town grow - - and how much.

The town does not now have a formalized system for programming capital expenditures, he said. Such expenditures are items with an expected lifetime of more than six years, or a costs of more than $25,000. A formal system will among other things, help set priorities for the big money items.

The open meeting will begin at 7:30 upstairs in Memorial Hall Library.

## *Perfectly Legitimate*

Town Counsel Alfred Daniels, the morning after, said his feeling is that the moderator runs Town Meeting, and he called Monday night's special session "a perfectly legitimate meeting."

Some voters became concerned after Karl Haartz protested that discussion had not been allowed from the floor on Item I - - the high school roof question that was passed "overwhelmingly."

One man said the question should be settled before adjournment, so as not to jeopardize the vote on the roof. Moderator William Dalton consulted with Daniels then, and he said he saw no problems.

"I expect Mr. Haartz knows full well what his recourse might be," Dalton said. "I expect we'll be hearing from him."

## *New Quarters Hot Lunches*

The Haven, Andover's drop-in center for senior citizens, recently took up new quarters in the old Theatre Building on Essex Street, behind Memorial Hall Library.

The seniors, who have been without a lunch program since school let out last spring, have also gotten a low cost boost in that direction. Hot lunches are available at the Voke School on River Road, weekdays through the summer at 11:15. The Haven has further details.

## *Praises Efforts*

During his presentation on the high school roof article Monday night, School Committee Chairman George Olesen praised the custodial force for their extra efforts since the problem has become a serious one. He also thanked Town Manager J. Maynard Austin for his many efforts on behalf of the school committee in following up on the matter.

# Southwell Aids In Rescue

Navy Airman Apprentice Lynn C. Southwell, Jr., 19, son of Mr. and Mrs. L. C. Southwell of 10 Dartmouth Road, Andover, participated in the rescue of more than 300 American and foreign evacuees from Beirut, Lebanon as a crewmember of the aircraft carrier USS America in support of "Operation Fluid Drive".

The refugees boarded unarmed landing vessels and were ferried to the amphibious transport ship USS Coronado. The extraction of the civilians from the beleaguered Lebanese capital was accomplished without incident and the evacuees arrived safely aboard the Coronado for transport to Athens.

In a message from President Ford, the task force was commended for its high degree of professionalism which contributed to the success of the operation. His ship is homeported in Norfolk, Va., and is currently deployed as a unit of the U.S. Sixth Fleet in the Mediterranean.

A 1974 graduate of Andover High School, he joined the Navy in March 1975.

# County Budget Bill Means 37% Tax Hike

The $17.1-million appropriations bill recommended for Essex County by the Committee on Counties will mean a 37 per cent hike in the tax paid by the property taxpayers in the cities and towns.

The Essex County Advisory Board reports that this may be the largest tax increase of any comparable unit of government in the United States.

In addition, the budget bill includes no money for the expected across-the-board salary increase for State and County employees. Based on FY 77 salary requests of more than $9-million, an 8 per cent raise would cost County taxpayers almost $750,000., increasing the County tax hike from 37 to 45 per cent.

Also, requests in the bill for the Salem and Lawrence Jails and Houses of Correction are far below the amounts needed, according to the Advisory Board. This is based on actual expenses for these facilities in the last Fiscal Year.

The amount requested for the Essex Agricultural and Technical Institute exceeds what was requested jointly by the County Commissions, Institute Trustees and Advisory Board through the "bootlegging" of $159,926 in a Reserve Fund account.

The Advisory Board also is concerned that $74,904. in expenses for operating the Lawrence Training School be included completely in the Sheriff's budget, since only the Sheriff now uses the Training School.

Once again, there are 3 new jobs which were not requested by the County Commissioners or the Advisory Board. These are in the Salem Probation Office, Amesbury Judge's Office and the Salem Court House. Last year, one of these "backdoor" jobs went to Kevin Burke, brother of County Commissioner Daniel Burke, in a crass display of nepotism. The total of 9 new jobs, including 6 requested by the County Commissioners, would cost $82,573.00.

## *Volunteers Needed For Elderly*

The Volunteer Inservice Program, based at 38 Lawrence St., Lawrence, is seeking volunteers to supply some kind of musical entertainment, and to others to work with patients on a one-to-one basis at a local nursing home.

V.I.P. also needs persons to help with activities and push wheelchairs at a summer camp for the elderly at Danvers State Hospital, now through Sept. 3, 12 noon to 4 p.m.

In addition, a high school girl is needed to as a driver for an older woman once a week from 10 a.m. to 3 p.m.

Persons interested in these opportunities are asked to call V.I.P. in Lawrence.

## *Building Permits*

## He Went Thataway?

Actually, Public Works employees aren't looking for the guy who pulled the plug and ran away down Chestnut Street at all — they did it themselves as a part of an annual cleanout of main pipelines. They were opening hydrants in the downtown area last Thursday night. DPW Director Robert McQuade says it's a yearround job to open some 3,000 fire hydrants in town and rid the lines of any dirt or accumulation. The work is done mostly at night, so as to inconvenience residents as little as possible.

Ball player who stole the most bases in a season was Maury Wills, Los Angeles (NL), 1962, with 104 bases in a 162-game schedule.

## Two Receive Masters Degrees

Two Andover residents received their master of education degrees August 13 during Commencement ceremonies at Salem State College.

They are Ruth L. Stebbins, who teaches in the Andover school system, and Edward Suchodolski.

## ERA Group Offers Free Speaker

To help clarify the issue of the Mass. Equal Rights Amendment and insure an educated decision on the November ballot, the greater Lawrence branch of the ERA Speakers Bureau is offering their services.

During August, September, and October, speakers will be available at no charge to any organization or group of individuals who are interested in learning exactly what the Mass. Equal Rights Amendment is and what it will do.

The Committee to Ratify the Mass. Equal Rights Amendment has been scheduling programs throughout the Merrimack Valley and Northshore area for the past three months as a free service to inform people about the issue before election time.

The Proposed Mass. ERA will read, "Equality of rights under the law shall not be denied or abridged because of sex, race, creed, color or national origin."

It will be positioned as Question No. 1 on the November ballot.

To arrange a speaker for your club program, suited to your group's specific needs and time schedule, please contact Speaker's Bureau Person Judy MacDonald, 11 Shawsheen Rd., Andover.

Giuseppe Farina won the 1950 Grand Prix in his Alfa Romeo.

# Playgrounds Have One Week To Go

## Ghosts Of August

Leigh Legendre wears a paper bag mask she made for Shawsheen Playground's Halloween Party this week. The event was complete with costumes, party games and all.

### Shawsheen

The Shawsheen Superstars had an especially exciting week. Much time was spent constructing the Hilarious Haunted House in preparation for the Peanut Carnival. It is filled with spooky ghosts and monsters that one can only experience by entering into its realm.

Tuesday had the grand Shawsheen Beauty Parlor and Beauty Contest. Every time you turned around there was another ravishing beauty. Shawsheen Beauty Star this year is Hiliary Carrick with Elizabeth Hart coming in second. The day was topped off with popcorn making.

Thursday, 25 of us went bowling and to Friendly's for ice cream. We may not be great bowlers but we sure had a good time.

Friday was a grand conclusion to the week. The older kids took a bike hike to the Project Adventure course at the High School. We also decorated bottles and made stationary.

With the summer almost at an end, we have a lot of activities we need to fit in. Stay tuned for a fun filled finish!

### South

Last week was opened up with a visit from the parents on Monday. The children displayed their artistic creations while the parents walked about talking to the specialists and watched Marilyn's cooking class make delicious home-made peppermint ice cream.

Our sports team travelled to Ballardvale and came home with two victories. Stevie Eldred was the winning goalie in the soccer

game.

Plant holders in the form of wells were made from clothespins and plastic cups with the help of Regina. Christy and Elaine helped us make salt jars, which turned out real pretty. During the rainy days, a new game called "Orbit" was learned, using an extra large playground ball.

West playground came by for a visit on their way home from Pomps Pond, and we were glad to have them.

With the first sign of sun on Wednesday, we were off to Crane's Beach. It was a beautiful day, and we all had fun - no one wanted to leave! Those who stayed at South made wood sculptures and yarn baskets.

Thursday was the day for mask making. The kids stretched out on the picnic table while Drs. Wesson and Daugherty operated by placing strips of plaster covered newspaper on the patients faces. From there they were transported to the recovery area in the sun to dry. The masks were removed, then painted.

We ended the week with a big cookout, using the hot dogs and marshallows that Mr. Slombo gave to us. Thanks alot, Mr. Slombo! For dessert, we made caramel apples, which actually ended up being eaten before the hot dogs! Also on Friday, we had a visit from Peter Cotton Tail, Jumper and Hippity Hop, winners in our frog jumping con-

test. All three were from the puddles of Abbott Street.

We had a fun week with Elain Wesson and Christie Daugherty - it was good to have you back!

### West Elementary

Howdy from the Wild, Wild, West!

Last Monday we played street hockey, around the world and a lot of chess and checkers due to the rain and possibility of the hurricane. Tuesday's bike hike to Donna's Bakery in Shawsheen Plaza was cancelled also due to the bad weather.

Wednesday came and brought the sun with it which was good because we all went to Crane's Beech in Ipswich and had a great time. For those that stayed on the playground it was a day of softball practice and also the making of animal creations with handkerchiefs.

On Thursday the West Wildcats split a double header with Shawsheen playground. West won narrowly in kickball 14-13 and lost a tight soccer game by a close 1-0 score.

Friday along with being Clown Day was also the Annual West Elementary Pie Eating Contest. Chris Concemi and Mathew Butterworth were the winners in their respective age groups.

### Sanborn

Monday afternoon all the parents were invited to our puppet show, so we were busy preparing for their arrival all morning. Sue brought in cupcakes and with the expert help of Sue Estabrook and Billy and Justine Koromhas all the cupcakes had fancy decorations. About ten parents showed up for the puppet show which was put on by Sue, Billy, Justine, Ann James and Anne Koerkel - they all did a superb job!

Tuesday was a miserable day weather wise, but that didn't spoil any fun at the playground. Terry instructed the younger boys and girls in making wastebaskets from newspaper. The best baskets were made by Rachel Rosengard and Rachel Foster. Sue and Thea made a fruitbowl with help from Lisa Horgan and Kathy Anderson. At the end of the day all the superstars were given a cupfull of fruit.

Wednesday, Paul and Sue took twenty-eight kids on a field trip to Cranes Beach. Tim and Jeff Leemare, Tom and Steve Duncan, Eddie and Mike Melia, Jim and Danny Kimball, Shane Smith and Eric Friedenson all went on a two mile hike with Paul out to a sand bar. Enroute we found several dozen dead jelly fish and

**ABOUT THIS QUESTION**

CLIFF HOWE — DOUG HOWE — DOUG HOWE, JR.

"Watercraft, their trailers, equipment and outboard motors are insured for property damage to $500 total under the Homeowner Policy. Similarly, there is $500 coverage for trailers. Does the Howe Agency recommend that more expensive motor boats and trailers be covered by special endorsement to the Homeowner Policy?"

## Memorial Hall Library

### *Attention Community Groups*

The Massachusetts Eastern Regional Public Library System will lend 16mm sound films from their collection of over 3,000 films to church groups, men's and women's clubs, scouts, hospitals, nursing homes, and other community groups in Massachusetts. In order to borrow films, a group must have a Film Borrower's Card (this is not a regular Boston Public Library card). If you think your group would like to be able to how one film or several in the fall, have your program chairman come to the Inter-Library Loan office at the Library to complete this registration process now. Films are ordered through and arrive at Memorial Hall Library, so there is no problem about sending them or returning them to Boston.

**Library Inventory**

The Library inventory was completed last Friday. We appreciate your patience and hope the closing caused only minimal inconvenience.

**Children's Room News**
**by Ruth Hooten**

Handtalk, postponed from August 2, has been rescheduled for Wednesday August 25 at 2 p.m. Mr. Clifford Lawrence will give a demonstration on how to communicate in Sign Language. This should be an interesting and fun way to learn a secret way of communicating with your friends.

The last session for the Summer Reading Club will be a joint meeting of both groups (I and II) on Thursday August 26 at 2 p.m. At this time we will be having a party for both groups with refreshments and the awarding of the certificates.

Registration for the Fall '76 session of LITTLEST LISTENERS will begin after Labor Day. This will be for children who are 3½ to 5 years of age. The program will be weekly on Tuesdays or Wednesdays for ten weeks. Starting dates and other information will be available at registration.

Don Drysdale pitched the most consecutive shutout games in a season, 6, for Los Angeles (NL), in 1968.

## Playgrounds

*(Continued from Page Eight)*

hundreds of shells. Back at the playground Terry and Thea were preparing our carnival booth for Wednesday's "Peanuts and Playground" carnival. Heidi Weiner invented our "Water the Carrot" game. Later in the day the kids did nature and string art with Lara Lawrence leading the group.

Thursday Coach Paul took seventeen of the Sanborn Superstars to Doherty playground to challenge them in kick ball and soccer. Tom Duneau set the pace with a great hustling effort. The kickball game was nip and tuck the whole way with the lead changing almost every inning. When the dust cleared there was a scoreless tie in soccer and Doherty owned a 9-8 decision over Sanborn in kickball.

Friday morning Terry and Sue led the kids in making nerds. Beth Murphy and Susy Heidi created the best nerds. Anja Grant made the best pet rock. Paul, Thea and Scott brought 24 superstars to Ballardvale for a combination waterfight and cookout. Tim Leemane and Danny Kimball were throwing water at anyone and everyone, while Duncan received most of it. The kids from both playgrounds had a good time and requested that we do it again!

### Ballardvale

The Vale had a short but exciting week. We started off the week on Wednesday at the beach. The kids had a great time swimming and sun bathing. Thursday we played South in kickball and soccer, although we lost the kids played a good game. While the older kids were defending the playground in kickball and soccer the younger kids were busy cleaning and decorating the shed for our visitors on Friday. Sanborn playground came to our playground Friday for a cook-out and water balloon fight. We ended the day with hamburger and hot dogs a little wet but the kids enjoyed them.

Ballardvale will have their annual carnival on Thursday, Aug. 26.

### Doherty

Even though rain slowed the start of the week at Doherty, all turned out fine in the end. Monday and Tuesday playground was moved indoors and activities carried on as usual. Mural making, indoor games and an obstacle course highlighted the misty Monday morning while a puppet show, parents' exhibition and lollipop people making kept everyone occupied on Tuesday. Wednesday the sun returned to the playground skies and everyone was off to Crane's Beach. Thursday, sports returned to the scene with the boys kickball team edging out a very determined Sanborn team 9-8. In soccer the two teams battled to a 0-0 tie. Friday was a fun packed day starting off with a 50's dance and costume contest. Mr. Grease was awarded to Johnathan Sallin; The Fonz was awarded to Danny Grecoe with Michele Giannone taking second and Johnathan Sallin third. Michele Gildea and Beth Anne Grecoe place first and second respectively in the Sweet 16 contest. In the final costume contest Sarah Brent was elected Teen Angel. The day closed with a cook out and ice cream making.

Remember next week is the Canobie Lake trip and all money and permission slips are due by Monday.

Events up coming at Doherty include Anything Goes Day, bowling trip and the weekly cookout.

## At Babson

Nancy M. Hinman, daughter of Mr. and Mrs. Robert W. Hinman of 46 Wildwood Road in Andover has enrolled for the fall semester at Babson College in Wellesley and will work toward a degree in management. She previously attended Dean Junior College.

# Canoe Racing Returns To Merrimack

The tradition of an annual canoe marathon race on the Merrimack River will be reinstituted August 29.

Sponsored by the Merrimack Valley Paddlers and the Lawrence Recreation Department, and endorsed by the Andover Bicentennial Committee, the 1976 Merrimack River Canoe Classic will begin at 1 p.m. at the boat ramp on the south bank of the river just upstream from the Route 28 Bridge.

The race course for open, war canoe, and racing classes will be from the ramp four miles upstream to and around Pine Island, and back to the boat ramp, for a total of eight miles.

A conventional class race will be two-and-a-half miles upstream, around a buoy and back againe.

Food and drink will be available at the starting line and spectators may view the race from a dirt road that runs upstream from the starting point.

While the race hopes to reinstitute the annual marathon, it is also designed to generate funds for the refurbishing of a war canoe built in 1914. Dubbed the "Merrimack," it is the surviving canoe of four raced by the Lawrence Canoe Club in the 1920's and 30's, and holds the one-mile sprint record.

The hull remains intact, and it is hoped it can be refurbished and raced again. It is 33 feet long, 38 inches wide and 30 inches deep, and weighs about 175 pounds. Constructed of white cedar, ribbed, copper riveted and with brass strapping, it is run by nine paddlers, one behind the other.

The 1976 race is also sanctioned by the American Canoe Association. A trophy will go to the fastest boat on the river in the open class, which includes all types of boats. The war canoe category is for all open canoes with three or more paddlers. The racing class includes long, short, mixed, family and single categories, while the conventional class is intended for the racer with a conventional aluminum, ABS, fiberglas, or canvas-type canoe.

Registration may be made in advance or on site. Further information is available from Race Chairman Phil Dargie, 5 Patricia Cir., Andover, or Joe Parolisi, director of the Lawrence Recreation Department at 200 Common St., Lawrence.

## Maurice Fourth In Tourney

Richard Maurice, 49 Elm St., Andover, tied for fourth place out of 60 participants in the New Hampshire State Chess Open held Aug. 7 and 8 in Manchester. During the fourth of five rounds of play, Richard, forced into a Sicilian defense game by his opponent, used only 22 moves to reach a forced mate position in the game, causing his opponent to resign.

The Sicilian defense technique normally calls for a series of at least 40 moves to win a game. As a result of only using 22 moves, Richard's fourth round game moves will be published as a feature this fall in **Massachusetts Chess Horizons**, a state chess magazine.

Richard is presently a senior in the Management Program leading to an associate degree at Andover Junior College. He has been named to the Dean's List for each semester that he has been at the college. This spring Richard was chairman of the committee which built the sixty-foot rainbow float which the college entered in the May 9 Andover Bicentennial Parade.

He is the son of Lee Maurice, 23 Newhall St., Lowell.

## Local Men On Duty With Navy

Lieutenant Commander Norman Scarpulla and EM1 Marshall Wayne Hollis, both of Andover, are at Camp Varnum on the shores of Narragansett Bay, performing their annual active duty for training with the Mobile Inshore Undersea Warfare Unit 201, a Boston-based unit.

They are participating in an operational exercise involving the use of helicopters, high speed patrol craft and Naval surface ships. The exercise, Operation Beavertail, is a test of the reservists' ability to protect the integrity of the inshore area in the event of assault by enemy forces. The MIUW unit is one of the Navy's Combat Ready Units which requires the reservist to train all during the year for this type of exercise and be ready to answer a call to mobilization within 24 hours.

The two local men are among the few Naval Reservists selected for assignment to the mobile unit and have spent considerable time training as "citizen-sailors."

The Sport Shop Soccer Club finished their regular season schedule last week, pulling out a one-to-one tie against Wakefield by scoring with two minutes to go and darkness coming on. The game was delayed half an hour as the referee was late.

Wakefield wasted no time and scored at fifteen minutes of the first half. There was a scramble in front of the Andover net and with four chances to clear and failing to do so, Wakefield took the situation in hand and scored. Wakefield seemed to have the edge during the first half.

The tide swung in the second half, but it wasn't until two minutes before the game was called on account of darkness that Dave Teggart placed a shot in the upper right hand corner of the Wakefield net. He controlled a nice pass from Dave Vivian and scored the equalizer. Both Andover goalies Lee Apgar and Jim Quinlan played extremely well in goal stopping many dangerous attemps by Wakefield. Bill Tarbox, John O'Brien, and Tim Dewhirst all did well filling in at unfamiliar possitions. Mid Fielders Bob Thompson, Jeff Welch, Dan Early, and Scott Vivian, played very well. Bart Farrell played an aggressive game at right wing and Dan Lynch made his presence felt at right inside.

The final record for the Sport Shop Soccer Club was eight wins, 2 loss and 5 ties. The five ties are indicative of the closeness of the division, and the kind of competition this year in the Suburban Twilight Soccer League. Andover did not tie the same team twice, and in the other games they played with the clubs they tied, they won four and lost only to Lexington. The only team in the Northern division which was virtually out of the competition was Woburn, which won no games, but they did hold a team together and finish the season.

This year has seen good growth in the league as they expanded by 16 teams from three divisions to five divisions, and in the Northern divisions the new teams, Andover, Malden, and Lincoln-Sudbury, were all strong, finishing one, two and three. This helped raise the level of competition, and no teams dropped out thisyear. Results have been printed weekly in the Sunday Globe, so for the first time a team in the Northern division could tell how a team in the Western division was doing. This helps to build interest as you can watch the leaders take shape. The Andover club to a man would like to thank those who have given us their support through out the season - - the fans who came good weather or bad, the fans who came in good weather only, the businesses and individuals who contributed money or materials to help us get started, and the local publications who have carried our story to the public so they were aware we were playing good soccer and could come watch if they wished.

## Regular Season Statistics

Record 8 wins, 1 loss, 5 ties, 59 goals for 32 goals against 21 points.

| | Goals-Assists-Total |
|---|---|
| Dave Teggart | 14-9-23 |
| Dave Vivian | 11-4-15 |

# Uniforms, Physicals Needed for Athletics

**With the beginning of school only three weeks away, the Physical Education Department has reminded students in grades seven through 12 that phys ed uniforms are required at the three secondary schools.**

**Socks, sneakers and towels are a part of the requirement. Uniforms themselves may be purchased and the Andover Sport Shop or the Andover Hockey Shop in Andover, or at Magoon's or Whitworth's in Lawrence.**

**Students who plan to participate in the Andover Athletic Program for the coming year should also receive a complete physical examination by their family physicians before the beginning of school.**

# Indian Ridge Boosts Win Record

The best team effort of the summer, resulted in an Indian Ridge victory over North Andover Country Club's tennis team by a score of 9 to 6. The victory for Indian Ridge boosted its record to 4 wins and 1 loss.

Indian Ridge's number one player David Bernback lost a tough match to Rick O'Hara in the tie-breaker. Having just come from baseball, David's game was not up to par. Rusty Serbagi, playing at the number two position, won a well-played and important match by defending Chris O'Hara 6 to 3.

While Robby Serbagi still remained undefeated for the season by waving 6 to 2, Carrie Smotrich defeated Allison O'Hara the third O'Hara team member, also by a score of 6 to 2. Lori Hoyt showed much improvement by defeating Jennifer Joslin 6 to 2. Although the McCloskey sisters were finally stopped by Will Washburn and Alan Morton, Maureen in particular played well and forced the set to 6-4. In the last two singles matches of the afternoon, Nancy Hambilton and Rick Palmese both crushed their opponents 6 to 0. The last two victories put Indian Ridge up 6 to 4 in the team match.

It was left to the doubles matches to decide the match. Indian Ridge proceeded to win three of the five doubles matches to secure the victory. Carrie Smotrich and Nancy hambilton teamed to victory by waving a hard fought match 7 to 5. Down in the match, Carrie and Nancy came back to win, then adding a double victory to both of their singles victories. Jerry Jannetti teamed with Rick McCloskey to handily defeat the North Andover team of Brenda Elias and Jennifer Joslin. Rick and Jerry's victory clinched the match for Indian Ridge. Rosie Jannetti and Lisa Bernbach won the last doubles match of the afternoon by a score of 6 to 1.

In 1909 Matthew Henson placed the U.S. flag at the North Pole. This Black American was a member of Admiral Perry's expedition.

### Playoffs

Suburban Twilight Soccer League. The top two teams in each division will be in the playoffs of the first place teams and the best second place team will be in the quarter finals. The remaining second place teams will have a preliminary game to determine which two go to the quarterfinals. The tournament is single elimination. Winners of the quarter final matches will be in the semi finals Aug. 19, and the finals will be held Aug. 21.

The Andover Club lost in the first round of tournament play Tuesday night, 4-1 to a tough South Boston team. Details will appear in next week's TOWNSMAN.

# Skug River Conservation Land Added

**Map Of New Conservation Acquisition**

The Conservation Commission and the Andover Village Improvement Society (AVIS) have acquired 14.46 acres of land along the Skug River, on the south side of Salem Street opposite AVIS's Skug River Reservation.

According to Conservationist Harold Rafton, the acquisition is important in that it furthers the two groups' objectives of preventing pollution of rivers and streams, providing permanent protection for their banks, and protecing the town's water table.

The new land will be left in its natural condition, and the town's trail system can now be extended about half a mile south through it.

The Commission purchased 8.40 acres fronting on Salem Street. The land is wooded and somewhat wet in parts, with a couple of rivulets draining into the river.

AVIS purchased the 6.06 adjoining acres which run south along the river, and also obtained a 40-foot right-of-way through the Commission's section. On its westerly side the AVIS section abuts the Harold Parker State Forest. It is wooded in part, and is hilly and rugged above the flood plain of the river.

Except for a small portion of the river directly off Salem Street, owned by an abutter, both sides of the stretch of river are included in the parcel just acquired and now open to the public.

There is now a block of 52.4 acres of conservation land in the vicinity, including land owned by the Commission and AVIS on both the north and south sides of Salem Street.

# School Groups Visit Museum

Children from the Henry C. Sanborn Elementary School accompanied by Mrs. M. McCarron were among the school groups to visit the Merrimack Valley Textile Museum, North Andover, during the past school year.

The Merrimack Valley Textile Museum houses the world's largest collection of historic American textile materials. In addition to the museum's permanent exhibit, "1776-1876", it houses artifacts, textiles, prints, manuscripts, books, and periodicals on cloth making.

Two galleries reconstruct the manufacture of woolen cloth in New England from raw fleece to finished fabric. Gallery One recreates the typical life style of Early American Colonists in their attempts to produce homespun cloth. Gallery Two, with its more modern exhibits, is an authentic representation of the transition from crude hand tools, spinning wheels, and handlooms to iron machines of the Industrial Revolution and factory-made cloth.

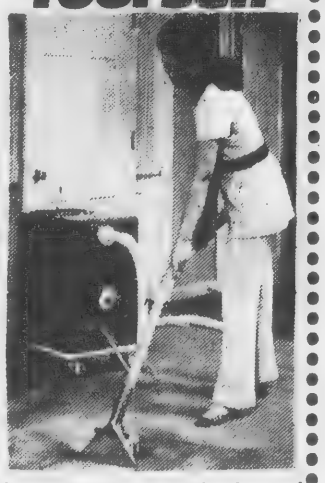

Children were given the opportunity to view original artifacts and were encouraged to participate in the tour by sorting, picking, carding, spinning, and weaving wool. Gallery tours have been adopted as part of the curriculum by students from grade four through the collegiate level.

The Merrimack Valley Textile Museum is open free to the public. Weekdays from 9 a.m. to 5 p.m. and on Saturday from 1 to 5 p.m. On Sunday afternoons, an interpretative staff is available to take visitors on a guided tour of the galleries. Admission that day is one-dollar for adults and fifty-cents for children.

The Museum is located in the Old Center of North Andover, and is easily accessibly from Interstate Route 495, Route 125, Route 133, Route 28, and Route 114.

# Court Clears Way For Essex Bikeway System

Chairman Daniel J. Burke of the Essex County Commissioners has hailed the Supreme Judicial Court decision which, he says, clears the way for the 180-mile Essex County Bikeway system.

Burke said that "The county bikeway system which would extend from Lynn to Amesbury and from Gloucester to Andover, came a step closer to reality this month via a decision by the Supreme Judicial Court upholding the use of the state gasoline tax for funding such a project."

The $663,000 project has been mapped by County Planner Thomas J. O'Leary, Jr. It had been held up over a question of the constitutionality of using money from the state gasoline tax to fund commuter bikeway projects. The state's highest tribunal has now ruled that such use is legal.

State Senator William M. Bulger of Boston, sponsored the bikeway bill and sought the advisory opinion.

The 16-page opinion said that building bikeways and bicycle parking facilities with gasoline tax funds is constitutional "because the effect will be not only to increase the use of mass transportation facilities, but also to reduce the further congestion of motor vehicle traffic on our highways by facilitating the use of an alternative mode of travel."

Another version of the bikeways bill died in the House Ways and Means committee last year.

Of an available $6,000,000 in federal funds the county planner seeks $663,000 for Essex County to set up specially marked routes along major highways and on roads and lanes throughout the county. If approved, the bikeways will be completed in 30 months. O'Leary has worked on the project with the Metropolitan Area Planning Council, the Merrimack Valley Planning Commission, and the State Department of Public Works.

The Essex County bikeway proposal has five routes, including a northern route following the Merrimack River, a western route from Lynnfield to Methuen, a central route from Lynn along Route 133 to Georgetown, a southern route from Lynn through Beverly and Wenham along Route 1A, and an eastern route from Lynn to Gloucester along Route 127.

Marked sidewalk for bicycle and pedestrian travel are also proposed for Lynn Shore Drive.

James G. Fisk

## Fisk Trains In Texas

Airman James G. Fisk, whose parents are Mr. and Mrs. James H. Fisk of 23 Rutgers Road, Andover, has been selected for technical training at Sheppard AFB, Tex., in the Air Force communications field.

The airman recently completed basic training at Lackland AFB, Tex., and studied the Air Force mission organization and customs and received special instruction in human relations.

Airman Fisk attended the Andover High School.

Cadet William R. Bolan

## At Summer ROTC Camp

Cadet William R. Bolan, son of Mr. and Mrs. Francis J. Bolan, 316 Middlesex St., North Andover, is receiving practical work in military leadership at the Army Reserve Officers' Training Corps advanced camp at Ft. Riley, Kan.

The six-week ROTC advanced camp provides an opportunity for cadets to develop and demonstrate leadership capabilities in a field training environment.

Most cadets are fulfilling their advanced camp requirement during the summer between their junior and senior years in college. However, there will be a number of graduating seniors who will receive Army commissions at the completion of camp.

Cadet Bolan, a student at Marquette University in Milwaukee, Wis., is one of more than 48,000 cadets

## Accepted At Maritime Academy

Edward R. Driscoll of Main Street, Andover, has been accepted for appointment as a cadet at Massachusetts Maritime Academy, it was announced today by Rear Admiral Lee Harrington, Academy president.

The Academy, founded in 1891 and located in Buzzards Bay on Cape Cod Canal, has new buildings on a 55-acre campus, and offers two four-year curricula, leading to a Bachelor of Science degree in marine engineering and marine transportation.

Graduating cadets are eligible to become a licensed officer in the U.S. Merchant Marine, or obtain a commission as Ensign in the U.S. Naval Reserve or Coast Guard. The training includes an annual two-month cruise on the Academy's 489-foot "Bay State", a former Navy attack vessel.

Driscoll was on the track and hockey teams at North Andover High. He was president of the Dramatic Club, a member of the marching band and concert band, and on the staff of the school paper. He was also a member of the Math Team, the Judo Club, and stage manager.

*But Don't Set Your Watch By It. . .*

Summer session students bask at the base of the Armillary Sphere on Phillips Academy's front lawn. If they depend on it for the time, however, they'll be late for supper. An ancient astronomical instrument, the armillary sphere is a sphere outlined by hoops, which also tells time. But as in any sundial, it tells local apparent solar time, which differs from standard time in Andover by up to half an hour, or up to 50 minutes during Daylight Savings Time.

# New England Stores Opens At Plaza

New England Stores, Discount 5 & 10, is opening its new store in Andover at the Shawsheen Plaza, Wednesday, Aug. 25. 2,000 Wastebaskets will be given away free and there will be an opportunity to win gifts by the customers that register.

New England Stores has been in business 36 years, is one of the few discount 5 & 10's in New England and was one of the originators of self-service in a non-food operation many years ago.

The newest of fixtures and the most wanted types of merchandise are on sale in this new store.

Gerald Colpitts, vice president of the company, is the manager of the store for the opening months and will be on hand, along with other officials of the company, to greet customers.

In 1849 Elizabeth Blackwell became the first woman ever to receive an M.D. degree.

# *Masterworks Chorale Sets Auditions*

Musically qualified singers are invited by the Masterworks Chorale of Lexington to audition for the 1976-77 season.

Prospective members should attend open rehearsals on Sept. 7 and 14 at 7:45 p.m. at Temple Isaiah, 55 Lincoln St., Lexington. Local residents may also contact Soprano Anne Carter, 4 Glenwood Road, Andover, for further information.

The highlight of the season will be a Beethoven Festival featuring the Mass in C Major and the Missa Solemnis in D. Other programs will include Handel's Messiah, last performed by the Chorale in 1961, and Haydn's The Creation.

The Chorale is also preparing to honor Allen Lannom in his 25th year as its c onductor.

MAIN STREET NORTH ANDOVER 685 MAIN STREET METHUEN 687 BROADWAY

AT WORKSHOP - Philip Latorre, right, 17 Strawberry Hill Road, Andover, dean and director of personnel services at Northeastern University, chats with colleagues of the Northeastern Committee on the Handicapped following a recent orientation workshop. Since its inception in October, 1974, the committee has been working on studies to remove architectural barriers at the university as well as programs to give greater attention to the problems and needs of handicapped students and staff. Also pictured from left: Harvey Vetstein, assistant dean of students; Ruth Bork, research assistant in cooperative education; and Rita Flynn, associate professor of cooperative education.

# Celsius Reading Displayed

Roger N. Bower, president of Lawrence Savings Bank, has announced the addition of a Celsius temperature indicator to the time and temperature sign at the bank's 541 Andover St. office in North Andover.

The sign, which now shows the time and temperature in both degrees Fahrenheit and degrees Celsius, will "help people become familiar with the relationship between Fahrenheit and Celsius," Mr. Bower commented. "With the United States moving closer to adopting the metric system, we all need to know more about this method of gauging temperature - - a method which is used today by most of the world's population. Our sign at North Andover is another way in which LSB is working for you and with you."

The sign has already provoked a large response, since the Celsius read-out may be 32 degrees on a blisteringly hot day. That's 90° Fahrenheit!

The Celsius system, invented in 1742 by Anders Celsius, a Swedish astronomer, divides the difference between freezing and boiling points into 100 equal degrees. It is considered a part of the metric system of measurement which is used in most countries. The United States is expected to adopt this form of measurement in the near future for ease in dealing with the more universal system.

"If you would like to practice converting," added Mr. Bower, "just take the difference between degrees Fahrenheit and the number 32. Then divide the result by 1.8, and you have Celsius."

The other alternative is to pass the Lawrence Savings Bank's new sign in North Andover and let it do the work for you.

## Genetics Pioneer

Austrian Monk Gregor Mendel pioneered in genetics in 1857 by cross-breeding garden peas and recording their inherited traits. His findings, unnoticed until 1900, set off worldwide research that led to development of hybrid plants.

For daily recorded information on sports, theaters, museums, entertainment, Bicentennial activities, call Boston 200, 1-338-1976

Lichens are among the more resistant of all plants. They can stand long periods of drought, heat and freezing temperatures; they can live where nothing else lives. The gray or blue-green patches on Mars which change colors at different times may be lichens, Massachusetts Audubon says.

# *Oktoberfest Tickets On Sale*

The sounds of oomp-pa-pa, the smell of knockwurst, and the refreshing taste of German beer will soon fill the air of Lawrence as the Exchange Club's fourth annual Oktoberfest comes to town Labor Day weekend.

Held in a gigantic tent set up in the Lawrence Municipal Parking Lot, the event will feature Oktoberfest beer and wine, specially prepared German food, and continuous music, provided by the German Gesand Verein Lyre and Keith Gaberlien bands. Souvenir booths will be run by the Exchangettes, wives of the Exchange Club members.

The first keg will be tapped at 6 p.m. on Friday, Sept. 3, and the Fest will continue from 2 p.m. to 12 p.m. on Saturday and Sunday. Tickets are now on sale from all Exchange Club members. For further information, contact ticket chairman Frank Duci or the co-chairmen of the event, Joe Bell or Larry Yameen. The other ten committee chairmen are: site, All Pappalardo; tent, Larry Silva; tables, chairs, trailer, Pete Levesque; electricity, Sam Battiato; food, Dick Testa; publicity, Mike Costello; security, Frank Concemi; beer, Bob Garland; gifts, Joe Hamilton; and band, Jack Burke. These gentlemen have been meeting on a regular basis to plan the most successful Oktoberfest ever.

The Oktoberfest theme is a take-off on the German celebration, a national institution since 1810 staged annually for 16 days in mid-September. The Exchange Club has made the Oktoberfest its number one project, and over $13,000 in profits have been donated to charitable endeavors, particularly the Cerebral Palsy Clinic here in Lawrence.

# On Suffolk Dean's List

Three Andover residents, maintaining an average B average or better, were named to the dean's honor list for the spring semester at Suffolk University in Boston.

They include Joseph M. L. Normandy, 13 Avon St., a senior in liberal arts; Martin W. Davis, 207 North Main St., a freshman in liberal arts, and Justine A. Collins, 131 Elm St., a sophomore in business administration.

Jim Shannon is the kind of leader we need in the State Senate...

Jim Shannon is the son of Dr. and Mrs. Martin Shannon of Lawrence. He received his education at St. Laurence O'Toole Grammar School, Phillips Academy and Johns Hopkins University, and earned a law degree at George Washington University.

Jim's experience in government includes work in the Washington and District offices of Congressman Michael Harrington. He is presently a practicing attorney and serves as a trustee of Johns Hopkins University.

Jim is married to the former Silvia de Araujo Castro; they make their home in Lawrence.

An effective State Senator from this district has to do more than help constituents with their personal problems. Jim Shannon believes that the greatest service that a Senator can do for this district is to be a vigorous leader in the fight to improve the economy of this state and this region. That's the kind of Senator Jim Shannon intends to be.

Jim Shannon
Democrat

# Obituary...

**ROBERT G. B. NICOLL**

Robert Geoffrey Black Nicoll, 116 Bradford St., North Andover, died at home early last Saturday morning, after a long illness. He was 72.

Born Oct. 28, 1903, in Arbroath, Scotland, Mr. Nicoll retired in 1968 as a vice-president of The Andover Companies. A long-time resident of Andover, he was also a member of the Free Christian Church and St. Matthews Lodge, A.F. & A.M.

He is survived by his wife, the former Celia Reynolds; sons Robert K. Nicoll of West Newbury and William B. Nicoll of North Andover; a daughter, Donna Desrochers of Lawrence; four brothers, Edwin Nicoll of Arlington, George Nicoll of Chester, N. H.; Harry Nicoll of Toronto, Canada, and John Nicoll of Hingham, and seven grandchildren.

A memorial service was held Saturday at 2 p.m. in the Free Christian Church and cremation took place in Harmony Grove Cemetery, Salem.

Contributions may be made to the National Foundation of the March of Dimes, 89 No. Main St., Andover.

# Births...

**DOWNS** - A son, Timothy Scott, Aug. 9, at St. Margaret's hospital, for Women, Boston, to Mr. and Mrs. Walter Scott Downs, III, 54 Beacon St., Natick. The grandparents are Mr. and Mrs. John F. Hynes of Holliston and Mr. and Mrs. Walter S. Downs, Jr., of Andover.

**SCHNEEWEISS** - A daughter, Hannah, Aug. 1, to Mr. and Mrs. Wolfgang Scheeweiss of Vilsbiburg, Germany. The mother was Margaret Krakauer. Grandparents are Mr. and Mrs. Ernest Krakauer of Andover and Mr. and Mrs. Ernest Schneeweiss of Germany.

**DUBOIS** - A son, Barry Neil, Aug. 5, at Bon Secours hospital, to Mr. and Mrs. Richard Dubois, 152 North St., Andover. The mother was Cornelia Foley.

**GLODDY** - A daughter, Lisa Susanne, July 28, at Lawrence General hospital to Mr. and Mrs. Vincent W. Gloddy, 14 Thresher Road, Andover. The mother was Marcia Cohen.

**CORCORAN** - A son, Christopher James, born Aug. 5 at Winchester hospital, to Mr. and Mrs. James P. Corcoran, 6 N. Tanglewood Way, Andover. The mother was Wanda Messina, and grandparents are Mr. and Mrs. Leonard Messina, Garden City, N. Y., and Mr. and Mrs. Joseph Corcoran, Bennington, Vt.

**MacRAE** - A daughter, Julie Ann, born Aug. 6 at Melrose-Wakefield hospital to Mr. and Mrs. David MacRae, 5 Walker Road, North Andover. The mother was Carol Callahan.

# Down The Years With The Townsman

**75 Years Ago - August, 1901**

The moving of the Churchill house on the Academy grounds was a masterpiece in itself. It was minutely maneuvered to its new site with nary a shingle being broken or lots. Had it not been for the desire to save trees in its path, the move would have been much easier.

At a special meeting of the Rochester, N.H. school board, our talented young townsman, W. H. Burtt, Harvard, '01, was elected teacher of Greek and mathematics for their high school. Mr. Burtt graduated with honorable mention in Greek and cum laude.

Harry Saunders will play on the all-Massachusetts cricket team at Lynn, Saturday, Aug. 31 against an all-Nova Scotia team. Proceeds of the game is for Lynn Hospital.

The contractor who is putting the plaster on the new Hickey House on Essex Street, seems to have monopolized the greater part of the road for his mortar bed, but it may have been with the permission of local authorities.

Fred M. Temple of Reading has bought the Deacon Albert Abbot house on the hill which he intends to occupy shortly in order to be nearer the Merrimac Paper Co. where he is selling agent.

**50 Years Ago - August, 1926**

A deed recorded as "Phillips Corporation to Frederick N. Boutwell" transfers some 24 acres fronting Haggetts Pond. The purchasers state they have bought the property to protect the purity of the town's drinking water.

Town Clerk William cheever states that over one-third of the town's male population has failed to pay their poll taxes for the year and will be subject to extra charges beginning Sept. 1.

Alexander Lamont, now in his 80th year, was the winner of the quoits contest held during the annual outing of the Smith and Dove overseers at Sunnyside Grove last Saturday.

Congressman Edith Nourse Rogers has forwarded post cards to all Andover residents reminding them she will be in town hall this Friday to meet with any constituents from 3 to 5:30.

Plans are now being worked to propose that the post office be relocated to the rear of the Musgrove building, with front entrance accessibly through a hallway.

**25 Years Ago - August, 1951**

Outstanding progress is reported on construction of the two new elementary school buildings. Supt. of Schools Sherman indicates the work seems to be ahead of schedule.

Mrs. Mary C. Dunbar, 53 Phillips St., is drawn as the town's first woman juror. Selectman Sidney P. White made the selection at the drawing for September Superior Court sittings Monday night.

Police advise that the parking meters on Punchard Avenue accept only nickels, unlike the downtown meters which take pennies, nickels and dimes.

Charles O. McCullom announces that the tentative Little League series between a team from Andover and one from North Andover has to be cancelled since the local fields are in use.

Football Coach Walter C. Roberts announces a call for all grid candidates for next Monday.

**10 Years Ago - August, 1966**

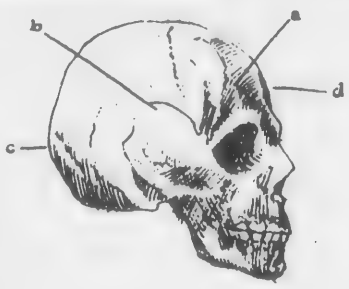

Andover Teachers Association petitions Labor Relations Commission for hearing to allow it to be the representative of the professional staff in negotiations.

Civil Service commission orders that Col. Stephen D. Bull be removed from position as welfare director for the town, stating the appointee does not meet the specific requirements of the position.

A total of 601 persons have registered for swimming lessons at Pomps Pond during the current season.

Sidney P. White, Andover selectman and dairyman, announces that his prize herd of Holsteins will be auctioned on Sept. 8.

William G. Coutts continues a family tradition by becoming a member of the fire department in Ft. Lauderdale, Fla. His father was a member of the Andover department and grandfather, Henry L. Hilton, Sr., a deputy chief of the local fire force.

## Registration Set For New Pupils In North Andover

The Office of the Superintendent of North Andover schools announces that all elementary principals will be on hand to register new elementary pupils, grades K through 5, who have not registered to date on Wednesday, Sept. 1, between the hours of 9 a.m. and 3 p.m., at the Kittredge, Thomson, Atkinson, Franklin and Bradstreet Schools.

Middle school registrants, Grades 6, 7 and 8, should report to that school at 9 a.m. High School transfers may report on Sept. 1, between 9 a.m. and 3 p.m. at the North Andover High School.

Children who are being registered for the first time for Kindergarten and Grade 1 must be four years of age and five years of age respectively on or before January 1 of the entrance year, and must present a birth certificate and immunization certificate.

Children registering for the first time for Grades 2 through 12 should present transfer cards and reports from the school previously attended and immunization certificates.

## Completes Insurance Course

Carl B. Vella, 1 Reservation Road, Andover, local representative for Mutual of Omaha and United of Omaha, has recently completed a comprehensive insurance course offered at the National Sales Training Center in Pittsburgh, Pa.

The course encompasses professional preparation in presenting innovations in health insurance benefits and services. The training center incorporates the newest and most advanced methods of educational training, including complete audiovisual facilities.

Vella is associated with the Eastern Massachusetts Division Office, general agency for Mutual and United in Boston.

Charlestown lowers the roof on mortgage rates.

Our new FLOAT Home Mortgage is priced 1/2% below our traditionally competitive Fixed Rate Mortgage.* We're the only bank in town where you can get it. And we're backing it up with $25 million to lend.

Charlestown Savings' FIRM/FLOAT Home Mortgage Plans give you a choice of *two* types of mortgages. Our traditional Fixed Rate Mortgage (FIRM) offers you a guaranteed interest rate for the life of your mortgage. Our new Flexible Loan Transaction Mortgage (FLOAT) offers you an initial interest rate 1/2% *below* our FIRM rate.

If you're looking for a one-to-four family home, check the features below to see which mortgage plan is best for you.

| Features | FIRM Mortgage | FLOAT Mortgage |
|---|---|---|
| Interest rate | Current market | 1/2% below FIRM rate |
| Rate guaranteed | Life of mortgage | First year |
| Rate review/change | None | Semi-annually after first year |
| Convertible | To FLOAT | To FIRM |
| Prepayment penalty | Yes | No |
| Equity line of credit | At current market rate | At established FLOAT rate |

12 convenient offices in Greater Boston. Member FDIC/DIF. All deposits insured in full. *Based on annual percentage rate

For more information about our new FIRM/FLOAT Mortgage Plans, call 482-2600, ext. 181. Or visit your nearest Charlestown office. Or mail the coupon.

# *Water Mains Necessary For Fire Protection*

Improved water mains that would update the town's fire protection capability were given an almost unanimous nod by voters at Special Town meeting Monday night.

They provided $10,000 for the purchase of easements, and gave officials the go-ahead to apply for 100 percent federal funding for $1.7 million in projects themselves.

Assistant Town Manager Sheldon Cohen emphasized that application will be made only for improvements in the existing water distribution system, and that the construction would not provide new service to areas of town which are not now served. It would not, he explained, stimulate new growth and development in outlying sections of Andover.

The second project approved under Monday's article would provide new lights in Central Park. They would, Cohen said, help make the area safe and quiet, and "maintain and improve the aesthetic quality" of the park across the street from East Jr. High that has become a hang-out for youths over recent months.

Cohen explained to the nearly-full house that the water main improvements are in keeping with the town's master plan, which was most recently updated in 1972.

Last October's Town Meeting allocated $168,700 for engineering services to provide plans and speculations for a new Holt Hill storage reservoir plus new mains. The studies have been completed on the $1.7 million worth of projects included in Monday night's article, Cohen said, so if funds are made available, work can begin almost immediately.

One of the prerequisites for funding, Cohen said, is that work could get underway within 90 days of the appropriation. (The April Town Meeting approved a $940,000 bonding article to go ahead with construction of the three-million gallon Holt reservoir.)

Congress passed the Public Works Employment Act of 1976 over President Ford's veto recently, Cohen said, to help local and state economies and reduce unemployment in the construction industry, thus stimulating the national economy

Congress has yet to actually allocate the funds, however, so no one knows exactly how much will be available or when.

Cohen said local officials are optimistic, though, that Andover's projects may have some priority because of the relatively high unemployment rate in the area, and they intend to apply for "the whole shooting match" worth $1.7 million. Construction could begin at the earliest at the beginning of the year. Once applications are being accepted, the government has 60 days to act on them.

Public Works Director Robert McQuade Monday night said the areas tapped for the water mains are Osgood Street, Dascomb Road, Clark Road, Andover Street, Woburn Street, River Road, Boutwell Road, Pleasant Street, Amherst Street, Cross County, Beacon Street, Reservation Road, Haverhill Street, Fox Hill Road, Merrimack College, Highland Road, Gray Road and Salem Street.

McQuade also emphasized that the new mains would help provide the flow necessary for adequate fire protection in those parts of town.

## *Town Meeting*

Committee had vacated their traditional first row seats on one side of Memorial Hall Auditorium for the first row on the other.

"It could be defined as a move to the right," he said, "but I'm not sure."

It turned out to be a move to Dalton's right, but a move to the "left" from the audience's vantagepoint, all because only one floor microphone had been set up for the occasion.

School Committee Chairman George Oleson moved Article 1 - - $189,000 for restructuring or replacing of the roof. In his historical wrap-up he credited new Committeeman Joseph A. Flynn with having called the severity of the problem to the committee's attention on April 13. He then documented actions of subsequent meetings which set up a subcommittee, called in outside consultants and finally, on June 22, went out for bid specifications and asked for Monday night's Special Town Meeting.

Finn followed with a series of color slides showing buckets lining high school halls and tables, rust stains on the floors, and an intricate plastic sheet set-up that attempted to keep the leaks off gym playing floor.

Finn contended that the roof had never really been sound because it was put on during winter months and therefore didn't bond properly.

Furthermore, he said, the building was "doomed" because two-ply construction was chosen rather than the standard 4-ply, on the claims of the manufacturer.

Finn said despite water having already been trapped in the new roof, town officials followed the recommendation that the building be accepted, and it was. With that, Finn says, the town "bought nine years of problems."

After the first five years, he said, the town began tapping the roofing bond to make repairs. But the deterioration came at an ever-excelerating rate so that by late spring this year, repairs just couldn't keep pace.

According to recent inspections, Finn went on, the insulation is also deteriorating.

Finn included slides of the library and a roomful of audio equipment as examples of areas where the water has not yet intruded, but where costly losses would be felt if it did.

He concluded that the town had acted in good faith by accepting a reputable architect's plan, and that only recently had total deterioration begun to take place. He said there was no sound basis for claiming neglect of duty on the part of any town officials.

"The die was cast when the two-play roof was put on," he said. "Then it was only a matter of time."

Logan Donald, a local consultant hired by the school committee to inspect the roof, draw up specifications and give advice on possible legal recourse, followed with more slides showing actual cracks and ridges on the roof, in some cases with the insulation peering out.

Town Manager J. Maynard Austin, said it appeared to him that the town might have a legal case, and might recover some or all of the monies which will be transferred now from the town's free cash account. One supplier's willingness to provide new insulation for the academic section of the building, Austin, led him to believe the supplier recognized a responsibility Austin said that the town did not accept the offer because present consultants recommend a different type of insulating material, and because they felt the town stands a good chance of recovering costs for roofs over both the academic section and the gymnasium.

Both the Finance Committee and the Selectmen gave their approval to the article and it passed "overwhelmingly," in the words of the moderator. Dalton then moved right on to Article 2, a $10,000 appropriation for a public works project, and adjourned the special session in a record 35 minutes.

# The County Continues To Be A Burden

County government, under constant criticism in recent years, continues to be a burden on the taxpayers of the Commonwealth.

This past week, the state legislature granted approval to a $17.1 million budget for Essex County, more than the county commissioners requested and only a fair representation of what the ultimate cost will be to the participating cities and towns.

State Rep. Gerald Cohen of Andover made a valiant effort to postpone action and also had some commentary to make on the requests by the county commission.

But, as has been the case, legislators like Mr. Cohen, who are conscientious and make an effort to represent their people effectively, were cut down and the budget approved.

Cohen and other legislators had requested time to review budget requests. They had been given the county bill about one-half hour before it was to be voted upon.

Efforts to have the matter postponed to allow time for legislative review were shot down and the ultimate vote for approval taken. Rep. Cohen was opposed.

The Essex County Advisory Board, which has strong Andover representation on it, also had some strong comments on the budget, both prior to and after passage.

Sheldon S. Cohen, assistant town manager who serves as secretary to the advisory board, reports that the budget will cost Essex County taxpayers about 37 percent more overall than the same appropriation a year ago.

For Andover taxpayers, the anticipated county costs for fiscal 1977 will be $673,521, or about $3 of the total tax rate as figured on this past year's computations.

The coming year's increase of $182,069.46 represents about $1.35, based on the past fiscal year figures.

Such expenses Andover taxpayers don't need, in view of the local obligations already pressing their pockets and anticipated future needs which are difficult to plan for.

It must be pointed out that the budget presented to the legislature for approval by the county commissioners did not contain three jobs which apparently were inserted by the legislative committee on counties.

The budget also does not contain provisions for salary increase for county employees, currently being negotiated. An eight per cent increase in this area would cost county taxpayers an additional $750,000.

All of which points to the fact that the time is long past due to take some affirmative action to remove the stigma of county government, a cry which has been rampant in recent years.

Studies have been performed, recommendations made to alter the county form, do away with it or whatever in recent years, with nothing positive ever coming forth.

The Essex County Advisory board has been a positive force in that it has made recommendations and brought to light the irresponsibility of the county form, but the group is powerless to do anything more than oversee and advise.

The time has definitely arrived for more action on the part of the citizens with regard to county government.

There will be offices and items on the ballot this fall, which could be an initial step.

But it will take more than just the elective process this year to remove from our annual expenses the problems of a government which duplicates effort, is filled with nepotism, and is too costly an operation in these times.

# Post Office Problem Not Really New

Andover's post office location problems apparently are not something of recent vintage.

In view of the problems brought about this past year when the U.S. Postal Service attempted to locate a new facility in Andover and local residents and officials opposed we find the following editorial from the TOWNSMAN of 50 years ago this week to be interesting.

The question of the post office location for the next ten years has aroused a great deal of interest. Tomorrow is the last day that bids may be received and so far as the TOWNSMAN is aware, there are only two bids submitted: one for a renewal of the present lease and the second for remodelled quarters in the Musgrove building.

Ten years ago, the proposal to move the post office to its present quarters on Essex Street brought out serious objections. Since opinions expressed at that time will be of interest now, part of an editorial in the TOWNSMAN for July 30, 1915, and an editorial in the TOWNSMAN for December 3, 1915, are reprinted below.

"It doesn't appear that the public at large, directly interested in the post office, are to have very much to say about it.

"It doesn't appear that the petition signed by 99% of the Andover businessmen is to be very much of a factor in determining where this public service shall be located in Andover.

"It does appear that the efforts that have been made by the patriotic businessmen, willing to sacrifice a good deal more in a financial way, to correct this situation are going to have their labor for their pains.

"Of course, there is still hope that some one of the several propositions that have gone to the Government under the new call may be more inviting, because they do represent a demand of the citizens of the town, and there is no question but that if this matter can be brought before the proper officials at Washington the schemes that have been laid by the men who are back of the removal to Essex Street will be realized with difficulty.

"Essex Street is not the proper place for the post office for many reasons, but the one reason alone of the steep grade on the hill with the very serious difficulty in using the sidewalk and road around the Memorial Hall corner, and across the way on the Campion corner for the months of the year in which ice and mud are a serious factor for all Andover streets, would be enough in itself upon which to insist that it isn't a proper place for a service which is used by the great number of people that use the Andover post office.

"The TOWNSMAN has no interest in any particular location. It believes it represents the sentiment of the people of the town when it demands that the post office shall be located somewhere in the business center. It is the only service rendered by the United States Government to the Andover businessmen and the general Andover public. Ninety percent of the use made of the post office is made by people who are located in that section of the town on a level or above Andover Square."

— The Andover TOWNSMAN,
July 30, 1915

## Legion Fever: Act of Terrorism?

by Jack Anderson
with Joe Spear

There is a distinct possibility, say intelligence analysts, that the mysterious "Legion fever" which swept through Pennsylvania recently may have been the result of an act of terrorism.

The epidemic killed 27 people and hospitalized 128 others who attended an American Legion convention in Philadelphia late last month.

Federal experts entered the case as soon as it was detected. The Pentagon, for example, quietly checked the employes and stocks at Fort Detrick, Maryland. This is where the secret laboratories are located that developed deadly germs for biological warfare.

Biological weapons were outlawed in 1969. But some virus and bacteria strains are still kept at Fort Detrick for immunology studies. The Pentagon investigators discovered, with great relief, that all the deadly cultures were intact.

There was concern that radicals might have stolen some disease germs and infected the legionnaires. This possibility hasn't been completely dismissed. The American Legion supported the Vietnam war, the draft and military spending. This makes the Legion a tempting target for a leftwing terrorist attack.

Investigators have learned, for example, that most of the fever victims attended an American Legion parade in Philadelphia. It is conceivable, one source told us, that a toxic substance could have been hand-sprayed here and there along the parade route.

But there is no hard evidence. Most organized terrorists want publicity for their outrages. And no one has stepped forward to claim responsibility for the outbreak in Philadelphia. So the malady is still a mystery.

As we previously reported, however, terrorists are trying to get their hands on nuclear weapons. This would give them the ultimate weapon to blackmail nations. We have reported, nevertheless, that our nuclear security is sloppy.

Now we have obtained a classified government study confirming this. The General Accounting Office, in a confidential report, warns that our ability to keep track of nuclear materials is poor. Our physical security systems, the report adds, are weak.

The report explains what this could mean: "In addition to being suitable for the fabrication of bombs, plutonium is an extremely toxic substance ...

"Such materials could be used in an explosive device or as a radioactive poison by terrorists, criminals or agents of other countries."

**Carter's Coming:** The Democratic Presidential candidate, Jimmy Carter, already is affecting legislation. Both congressmen and lobbyists are now basing their strategy on the odds that Carter will be the next president. Therefore, some bills are being delayed, others withheld, in anticipation of a Carter administration.

Maine's Senator Edmund Muskie, for example, has introduced a zero-based budgeting bill. This would require the review of all federal programs every five years. But Muskie is quietly holding the bill back until next year, in the hope that he can get stronger legislation if he waits until Carter is in the White House.

The Senate Government Operations Committee has also been investigating how to streamline the federal regulatory agencies. But no legislation will be introduced until the new administration takes office next year.

Environmentalists are also trying to hold up a bill that would allow private manufacturers to produce nuclear fuel for the the first time. If they can delay it long enough, the environmentalists believe Carter as president would veto it.

**Byron's Boys:** An itinerant legislator, Rep. Goodloe Byron, D.-Md., traveled all the way to Alaska last month to inspect the trans-Alaskan pipeline communications network.

His report to the House Commerce Committee is probably one of the shortest and most expensive ever submitted. It runs only a page and a half. It contains no information that couldn't have been obtained by a telephone call.

The report also omits one key factor, which may explain the real reason Byron flew to Alaska. His two sons, Goodloe, Jr., and Barton, are working on the Alaska pipeline this summer.

The congressman spent more time visiting his sons than inspecting the pipeline.

**Ambassador-in-Exile:** Turner Shelton, our former ambassador to Nicaragua, has finally found a home. His performance in Nicaragua was so poor that he was rebuked and recalled by the State Department.

But he has powerful friends on Capitol Hill. They twisted Secretary of State Henry Kissinger's arm to give him another job. Shelton even showed up at the State Department to examine pictures of ambassadorial residences he would like to live in.

First he was appointed amabassador to the Bahamas. But both the U.S. Senate and the Bahama government turned him down. Then he was nominated Consul General to Bermuda. Again the host government rejected him. Then he wangled an appointment to the romantic, old Moroccan city of Casablanca. Once more, he was denied the job.

Now it looks as if he has found a safe haven. He has been assigned as "Diplomat-In-Residence" at the Navy war college in Newport, Rhode Island. His duty will be to make occasional talks to military classes on the subject of foreign affairs.

He will have no official residence, no staff, no responsibilities. But at least Shelton will have a title.

## *For Those Of Us Who Are Older*

The September movie series at The Haven will begin Monday, Sept. 13, with the full length feature film, "Topper," at 2 p.m. Each Monday thereafter during September there will be another full length classic film for your enjoyment . . . and of course, it is free. The Haven is now located in the old Andover Playhouse at 11 Essex Street.

During the summer months while Andover's schools are closed, the hot lunch program has not been available to Andover's senior citizens. However, special arrangements have now been completed to enable Andover's senior citizens to have a hot lunch at the Voke School on River Road every week day through the summer at 11:15. No reservaions are necessary and the cost is still only 50 cent. Menu for this Friday is New England fish cakes. If transportation presents a problem, call The Haven for assistance.

Parlez vous francais? Would you like to learn? Starting Tuesday, Sept. 14 and each Tuesday and Thursday thereafter, at 10:30, French lessons will be taught at The Haven. Why not learn the language and perhaps next year The Haven can arrange a trip to Paris? Further details are available at The Haven.

## *Fire Log*

The following is a report of the activities of the Andover Fire Department between the period commencing August 10 and ending August 16.

August 10, 30 Salem St. Mass Electric Co. Short in Wiring; 3 Elysian Dr., Mr. W. Russell, Clothes Dryer Fire.

August 11, So. Main St., Mr. R. Beauegarde, car fire.

August 12, Box 491, 4 Elysian Dr., Mr. H. McCormack, building fire; Andover St., Beverage Barn, dumpster fire.

August 13, Off Haverhill St., Mr. Guy Thomas, car fire; Rte. 93, M. Purple, car fire.

August 14, Box 65, 375 No. Main, Mr. R. MacDonald, short circuit.

August 15, 15 Johnson Rd., Mr. Salmer, electrical trouble.

August 16, 23 Wildwood Rd, Mrs. Saul Flieder, short circuit.

The Andover Fire Department ambulance responded to a total of 15 calls between the same period.

Harvey W. Wiley was responsible for passage of the U.S. Pure Food Law in 1906, the first of its kind.

Mrs. Eugene J. Orsenigo, II

## Orsenigo - Ermer

Miss Candice Ruth Ermer, daughter of Mr. and Mrs. Arthur W. Ermer, 240 Highland Road, Andover, became the bride August 7 of Eugene J. Orsenigo, III. The groom is the son of Mr. and Mrs. Eugene J. Orsenigo, Jr., of Chappaqua, N. Y.

The Rev. J. Everett Bodge and the Rev. E. G. Robinson officiated at the two o'clock service at South Church, Andover. A reception followed at the Lanam Club.

Given in marriage by her father, the bride wore a Victorian gown of white English lace with matching bridal hat. She carried an old-fashioned bouquet of white roses and baby's breath.

Miss Carol A. Orsenigo of Chappaqua, N. Y., attended her as maid of honor, and Mrs. Curtis A. Ermer of Providence, R. I., was bridesmaid. They wore matching rainbow voile gowns in sahdes of apricot, peach, pale green and ivory, with ivory lace inserts. They carried colonial bouquets of sonia roses, minicarnations and daisies, and wore matching headpieces. Miss Carol A. Leach of Portsmouth, N. H., presided at the guest book.

Mrs. Ermer chose a peach silk chiffon gown for her daughter's wedding, with a lace jacket overlayed with tones of apricot, peach and pale greens. The groom's mother wore an aqua gown with matching jacket. Both also wore white orchids.

Jerry Salese of Somers, N. Y., served as the groom's best man, and ushers included Curtis A. Ermer of Providence, R. I., James J. Dowling of Bedford Hills, N. Y., and Adrian J. McGuire of Pleasantville, N. Y.

The new Mrs. Orsenigo graduated from Mount Holyoke College, and received her master's degree from Western Connecticut State College. She teaches in the Bedford, N. Y., school system.

Her husband, a graduate of St. Bonaventure University, also received his master's degree from Western Connecticut State College. He teaches at Bronxville School in Westchester, N. Y.

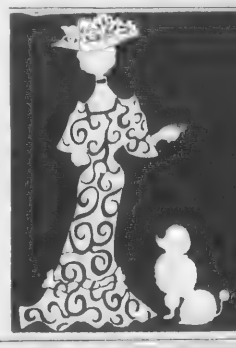

Following a wedding trip to Bermuda, the couple will be at home in Westchester, N. Y.

## Clan Auxiliary Has Lawn Party

The Ladies' Auxiliary to Clan Johnson Order of Scottish Clans will hold a lawn party Saturday at the home of Mrs. Minnie Thomson, 8 Brechin Ter., Andover., from 2 to 5 p.m.

Scottish and other baked goods will be for sale, as well as other miscellaneous items. Tea will be served and the event is open to the public

Major causes for death today are unhealthy ways of living, unhealthy working environments and disease-producing products, Massachusetts Audubon reports. Heart disease, cancer, stroke and accidents cause 70 percent of deaths among U.S. citizens.

Mr. and Mrs. Peter St. Jean

## St. Jean - Burrill

Mr. and Mrs. Peter St. Jean are at home in Andover, following their marriage July 10 in the Congregational Church, West Newbury.

The bride is the former Martha Burrill, daughter of Mr. and Mrs. Leonard Burrill of West Newbury, and the groom is the son of Mr. and Mrs. J. George St. Jean, 53 Spring Road, Andover.

The Rev. David A. Dobi officiated at the 1 o'clock service and a reception followed at the V.F.W. Hall in Georgetown.

Given in marriage by her father, the bride wore a gown of yellow polyester shantung trimmed with white lace, and a natural straw hat. She was attended by Barbara J. Johnson of Northampton as maid of honor, and bridesmaids were Terry Healy and Pam St. Jean of Andover. They wore gowns in a floral print on white and straw hats.

William Ouellette of Derry, N. H., served as best man, and ushers were Dennis C. Johnson of New Hampton, James A. Muller of Andover, and Robert Mellett of Westville, N. H.

The new Mrs. St. Jean attended the University of Massachusetts at Amherst, and is employed by the Singer Learning Center in North Andover. Her husband, who also attended the University of Massachusetts-Amherst, is employed by American Power Devises, Andover.

Deborah M. Sage

## To Marry This Sunday

Deborah M. Sage, daughter of Professor and Mrs. Joseph Sage of Paxton, will be married to William S. Glasser Sunday at the Wayside Inn Chapel in Sudbury.

The prospective groom is the son of Mr. and Mrs. Joseph Glasser of Andover.

## Native Produce Prime For Freezing

Lower prices for native produce and also beef are two golden opportunities for food shoppers during August, suggests the Massachusetts Department of Food and Agriculture.

Green, wax and shell beans, also sweet corn, summer squashes, peppers, cabbage, cucumbers, eggplant, peppers and tomatoes are among the fresh vegetables Massachusetts growers are harvesting now. Early apple varieties, peaches and cantaloupes are also ripening for harvest.

The seasonal abundance from local farms helps lower produce prices at this time of year and some shoppers are also taking advantage of farmers' markets and "pick-your-own" farms offering further savings. Home gardeners are harvesting their own crops.

Home canning and freezing of reasonably priced native produce offer consumers another opportunity.

County Extension home economists report an increased request for information and demonstrations of home canning and freezing, and Hampshire County is inaugurating a "community canning center" in Northampton this month.

In beef, lower retail prices should continue through August, and wise shoppers will take advantage of them and perhaps store up some beef in the freezer for future use.

Beef cattle marketings currently are up some 18 per cent from a year ago, and while prices to consumers are lower because of the oversupply, prices paid to cattlemen are well below production costs.

Because of severe losses this year, cattlemen are cutting back on the number of cattle placed on feed for later marketing.

The high cost of feed is a major factor in the current prize squeeze. Cattle producers are liquidating herds and slaughtering breeding animals, and while this adds to current beef supplies, it jeopardizes the long term beef production potential.

With many cuts of beef and many fresh native vegetables at reasonable prices, those who shop wisely should realize some savings in the weeks ahead.

### Current Best Buys

At meat and poultry counters, best buys are beef chuck blade steaks, shell sirloin steaks, tip steaks, boneless chuck shoulder and chuck eye steaks, bottom and top round roasts, rump, tip and eye round roasts, whole broilers, turkeys and hams.

In fish, best buys are fresh mackerel, fresh cod steaks, frozen turbot and squid.

Best buys in fresh vegetables are beans, cabbage, carrots, corn, cucumbers, eggplant, peppers, potatoes, tomatoes, yellow and zucchini squash.

In fresh fruit, best buys are bananas, grapes, limes, cantaloupe and honeydew melons, peaches, Bartlett pears, plums, nectarines and watermelon.

Mr. and Mrs. Wayne P. Mack

## Mack - Mullett

Miss Judith Anne Mullett, daughter of Mr. and Mrs. Wilfred Mullett, 20 Harding St., Andover, became the bride July 16, of Wayne Peter Mack. The groom is the son of Mr. and Mrs. John Mack of Haverhill.

The Rev. Jack Hackworth officiated at the 7 o'clock service at the Fundamental Baptist Temple in Salem, N. H., and a reception followed in the church's Fellowship Hall.

Organ music was provided by Mrs. Susan Mullett, the bride's sister-in-law, and her sister, Marjorie Mullett, was soloist.

Given in marriage by her parents, the bride was attended by Pam Ianazzo of Haverhill as matron of honor, and Susan Mullett as bridesmaid. Cindy and Jill Ianazzo of Haverhill were flower girls.

John Barnes of Salem, N. H., served as best man, and ushers were Thomas Munroe of Haverhill and Thomas Mullett of Andover.

A graduate of Andover High, the new Mrs. Mack has worked at Instrument Industries, Andover. Her husband graduated from Whittier Regional Vocational High School.

They will be making their home in Springfield, Mo., where they both will be attending Baptist Bible College.

BASS 100'S.
WE BUILD 'EM TOUGH
SO YOUR FEET DON'T HAVE TO BE.

Bass 100's are built for hustlin', bikin', joggin', hikin', or just plain getting around from class to class.

And they'll come through it looking as great as the day you put them on.

That's because we don't skimp. We use only quality leather. Durable and natural gum rubber soles for a cushy, bouncy walk.

Once you put yourself in our shoes, you won't want to take them off. Because Bass 100's baby your feet. Whatever you do outside, the ride is smooth and comfortable inside.

And Bass 100's match your every casual fashion. They're the most versatile shoes we ever soled. Sporty and stylish with whatever you wear.

So kick up your heels and step on the Bass. Bass 100's. The shoes that stand up to you.

# Boiler Fine Tuning Saved Oil For Raytheon

Fine tuning of Raytheon Company's 78 boilers saved 494,000 gallons of oil last year.

A comprehensive energy conservation campaign to reduce heat losses and maintain lower temperature levels had already produced a 23 per cent reduction in the company's use of oil when the conservation spotlight was focused on the boilers as the prime source of the heat. Testing of the boilers, reducing firing rates where possible, and adjusting the air and fuel mixtures produced an additional 10 per cent fuel saving.

Expanding on Raytheon's findings, Thola Theilhaber, energy conservation engineer for the diversified electronics company, said that a recent national study had found that 95 per cent of all relatively small, oil-fired heat sources are using more fuel than necessary to provide the desired level of heating.

"Even experienced boiler tenders and oil burner maintenance specialists often rely on a visual examination of the burner's flame to adjust the burner for peak performance," Mr. Theilhaber observed, "but the visually adjusted burner frequently uses too much air and often its fuel rate is higher than required."

Raytheon achieved the savings by using three test instruments: a carbon dioxide sampler, a smoke tester, and a thermometer. These are now being used regularly to supplement visual techniques in tuning Raytheon's boilers.

In the perfectly proportioned flame all of the carbon in the fuel combines with oxygen to form carbon dioxide. Insufficient air causes smoke and coats the interior surfaces of the boiler insulating them so that the heat is not readily transferred to the water to be heated inside the boiler. Too little air can also cause the boiler to make carbon monoxide instead of harmless carbon dioxide. The other extreme, too much air, cuts efficiency by diluting the products of combustion and lowering the flame temperature. The extra air carries unused heat up the stack.

"Over firing," or running with too large a flame, is another common maladjustment, he said. Once the maximum amount of heat is transferred from the combustion chamber to the water being heated, the excess heat is carried up the stack and wasted. Conversely, too small a flame, one that permits stack temperatures to fall below 360 degrees, encourages corrosion.

## Boots Are "IN" and Kenner's Has Them!

Boots - boots - boots - of every style and description - are highlighting the fashion scene for fall as never before. And your headquarters in this area is Kenner's Shoe Store, 535-537 Broadway in Lawrence.

Kenner's has always carried the biggest selection of men's boots, including Frye Boots, Dingo Boots, etc. in this area and now they have an equally complete selection of boots for women - elegant to wear with new gauchos being shown for fall. Bob and Marlene Schneider of Andover, owners of Kenner's Shoe Store are shown here in their "Boot Corner" displaying just a few of their many new styles that are arriving daily.

The newest styles, the biggest selection and the finest names in shoes for all members of the family are always found at Kenner's Shoe Store. Back-to-school time means back to Kenner's for hundreds of families in this area. Kenner's has been serving the footwear needs of many of the same families for generations. Kenner's fits the hard to fit, by carrying a good selection of hard to find C, D and E widths and always in the newest styles on the market.

Top brand names features at Kenner's are: for the "chicks" Fred Braun, Italian Leather, Cherokee; for young men, Verde, Dexter and Harbor Imports. Men, in addition to the excellent boot line, will find famous name Nunn, Bush, Walkover, Freeman, Acme and Dexter shoes (widths B to 5 E), work shoes by Herman and Dunham, hiking boots, Waffle Stompers, etc. For women, Kenner's features Heel Huggers and Enna Jetticks in double A to triple E, plus party and evening shoes.

Buy your fall shoes where you get the best selection. Get acquainted with Kenner's Shoe Store, 535-537 Broadway, Lawrence, where parking is never a problem. Open Tues. & Fri. till 9.

**MORTGAGEE'S SALE OF REAL ESTATE**

By virtue and in execution of the Power of Sale contained in a certain mortgage given by J. T. ALBERT RAZA, of Lawrence, Essex County, Massachusetts, and RICHARD R. BERGERON, of Salem, Rockingham County, New Hampshire, to A. REGINALD MORTIMER and BELINDA MORTIMER, husband and wife, both of Andover, Essex County, Massachusetts, and to DENNIS PETTIGREW and ANN E. PETTIGREW, husband and wife, both of said Andover, dated August 28, 1974, and recorded with North Essex Registry of deeds, Book 1248, Page 33, of which mortgage the undersigned are the present holders, for breach of the conditions of said mortgage and for the purpose of foreclosing the same will be sold at Public Auction at 1:00 P.M. on the 17th day of September 1976, on that part of the premises located on Harold Parker Road, in said Andover, all and singular the premises described in said mortgage, the land located on Harold Parker Road and Jenkins Road in said Andover, containing approximately 88 acres, more or less, and being the same premises granted to the mortgagors by deed of A. REGINALD MORTIMER et al, dated August 28, 1974, recorded in the North Essex Registry of Deeds at Book 1248, Page 30. Beginning at an iron pipe in the northerly side line of Harold Parker Road at the southwesterly corner of the land conveyed by HELGE M. ANDERSON et alii to A. R. MORTIMER et alii by deed dated August 26, 1947, and recorded with North Essex Deeds, book 701, page 280; thence the line runs north 49° 53' west 273.2 feet, thence north 1° 10' 30" east 333.5 feet to an iron pipe, thence north 52° 14' 45" west 575.6 feet to an iron pipe, thence north 5° 32' east 816.5 feet to an iron pipe, thence north 3° 49' east 264.2 feet to an iron pipe, thence south 86° 22' east 564.8 feet to an iron pipe, thence north 67° 3' 30" east 268.5 feet to an iron pipe in the westerly line of Jenkins Road, all of the last seven courses being by the said land conveyed to A. R. MORTIMER et alii; thence north by Jenkins Road about 610 feet to land formerly of GEORGE E. FLINT; thence westerly by land formerly of FLINT, HARNDEN and HOLT'S heirs about 1190 feet to an iron pipe at land of the Commonwealth of Massachusetts; thence southwesterly by a stone wall by five courses 553.31 feet to an iron pipe; thence westerly by a stone wall 718.96 feet to an iron pipe; thence westerly across a pond 795.6 feet to a stone bound; thence east of south 738 feet to a stake and stones; thence southeasterly 629.4 feet to an iron pipe; thence south by a stone wall on three courses 757.31 feet to an iron pipe; all of the last thirteen courses being by land of the Commonwealth of Massachusetts; thence south 14° 13' 30" east by a stone wall by land of one Crossley about 455 feet to the northerly side line of Harold Parker Road; thence northeasterly, southeasterly, and again northeasterly by the northerly side line of Harold Parker Road 1892.74 feet to the point of beginning. Containing approximately 88 acres.

There is excepted from the above, the following parcels:

1. Lot No. 10, containing approximately 47, 105 square feet, more or less, as shown on "Plan of Land in Andover, Mass. owned by A. REGINALD MORTIMER, et al, dated May 1, 1963, DONALD E. GETSON, Reg. Surv.", said plan being recorded in said Registry as Plan #4768, said parcel having been conveyed to ROBERT J. and CLAIRE E. McLORY by deed dated May 24, 1963, and recorded in said Registry at Book 986, Page 2.

2. A parcel of land located on the northerly boundary of said lot No. 10 and more particularly bounded and described as follows:

Beginning at a point at the southwest corner of the premises and running in an easterly direction by the northerly boundary line of said lot No. 10, 231.00 feet, to a point in the westerly boundary line of lot No. 9, as shown on said plan; thence turning and running in a northerly direction by the westerly boundary line of said lot No. 9, 100.00 feet to a point; thence turning and running in a westerly direction approximately 162.50 feet, more or less, to a point; thence turning and running in a southerly direction 167.50 feet, more or less, to the point of beginning.

3. A parcel of land on Harold Parker Road, in Andover, Mass. being shown as lot No. 9, as shown on an unrecorded. plan of land entitled "Plan of Land in Andover, Mass. owned by A. REGINALD MORTIMER, et al, dated August 14, 1963, DONALD E. GETSON, Eng. Surveyor", said lot being more particularly bounded and described as follows:

Beginning at a point at the southwest corner of the premises and then running in an easterly direction along the northerly boundary line of said Harold Parker Road in two courses, 49.50 feet and 130.50 feet to a point; thence turning and running in a northerly direction along the westerly boundary line of lot No. 8 as shown on said plan, 253.42 feet to a point; thence turning and running in a westerly direction 172.22 feet to a point; thence turning and running in a southerly direction in two courses, 100.00 feet and 203.60 feet partly along the easterly boundary line of said Lot. No. 10, as shown on Plan #4768, to Harold Parker Road and the point of beginning. Containing approximately 46,918 square feet.

4. A parcel of land on Harold Parker Road, in Andover, Mass. being shown as Lot. No. 8 on the above mentioned unrecorded plan, said lot being more particularly bounded and described as follows:

Beginning at a point at the southwest corner of the premises and then running in an easterly direction along the northerly boundary line of said Harold Parker Road in two courses, 58.55 feet and 121.45 feet to a point; thence turning and running in a northerly direction 250.00 feet to a point as shown on said plan; thence turning at approximately a 90° angle and running in a westerly direction 179.83 feet to a point; thence turning at approximately a 90° angle and running in a southerly direction by the easterly boundary line of said lot No. 9, as shown on said plan, 253.42 feet to Harold Parker Road and the point of beginning. Containing approximately 45,419 square feet.

5. A parcel of land on Harold Parker Road in Andover, Mass. being shown as lot No. 4 on the above mentioned unrecorded plan, and being more particularly bounded and described as follows:

Beginning at the southeasterly corner of the premises at a point in the northerly boundary line of Harold Parker Road; thence running northerly 252.04 feet by the westerly boundary line of lot No. 3, as shown on "Plan of Land in Andover, Mass., owned by A. REGINALD MORTIMER, et al, dated April 25, 1963, DONALD E. GETSON, Reg. Surveyor", being recorded in North Essex Registry of Deeds as Plan #4771; thence turning and running in a southwesterly direction 252.50 feet to a point; thence turning and running in a southeasterly direction 323.54 feet to a point in the northerly boundary line of said Harold Parker Road; thence turning and running in two courses by the northerly boundary line of said lot 33.47 feet and 146.53 feet to the point of beginning, all as shown on said unrecorded plan.

The premises will be sold subject to any and all unpaid taxes and other municipal assessments and liens, and also subject to restrictions of record insofar as the same are now in force and applicable.

Terms of Sale: Ten Thousand Dollars will be required to be paid in cash, certified check, or bank treasurer's check by the purchaser at the time and place of the sale, and the balance of the purchase price is to be paid in cash or certified check or bank check in or within twenty-one (21) days after said sale and upon delivery of the deed at the office of the attorneys for the mortgagees, Ganem and Ganem, 451 Andover Street, North Andover, Massachusetts.

Other terms to be announced at the sale.

Dated: August 13, 1976

# *Jacques Brel Opens At Salem Playhouse*

The international musical "Jacques Brel is Alive and Well and Living in Paris" opened yesterday at the Town and Country Playhouse of Salem, N. H., and will run through Sunday.

Based on popular songs by a 43-year-old Belgian, Jacques Brel, the magical music focuses in on the world we see and the interactions of real people who make the world spin in the daily orbit that is eternal comedy. The original songs are fascinating in their diversity.

The entirely new production stars four of the season's most popular performers, George F. Piehl, Annie Grassano, Lawrence McGuire and Barbara Pearl. Music director is Greg Dlugos, while settings are by New York's David McNitt and costumes by Bob Harvey, assisted by Ann Masters. Special lighting is designed by Daniel Charles Abrahamsen of New York.

This is the final production of the Playhouse's season. Performances begin at 8:15 p.m. daily, Sunday at 7 p.m., with a Thursday matinee at 2 o'clock. The playhouse is at Exit 1 off I-93 in Salem, opposite Rockingham Park.

The previously announced appearance of Celeste Holm on Aug. 23 has been cancelled due to difficulties with her schedule in Hollywood. Ticket refunds are now being made.

The U.S. celebrated its first official Thanksgiving in 1777 - - not in honor of the Pilgrim event, but to celebrate the defeat of British General John Burgoyne.

The Rabbit is Amazing.
But don't take our word for it.
Road & Track "This car does it all; it's small, light, roomy and fast, with nimble and responsive steering, ride and handling. Best sedan under $3,500."
Road Test Magazine "It is the finest example to date of a totally integrated passenger car, useful anywhere in the world, and is qualified as no other imported car is for 1975 for the Road Test Engineering Award."
Popular Mechanics "Volkswagen's Rabbit is the best value for 1975."
Car & Driver "Whole populations of drivers will live for years with this car, strongly impressed by its generally nimble disposition and its sensitive feel of the road through the steering wheel and brake pedal."
Esquire "It is the specific type of car that Detroit will be building in the 1980's."
The standard transmission Rabbit got an EPA estimated 39 miles per gallon on the highway – and 25 in the city. (Actual mileage may vary depending on type of driving, driving habits, car's condition and optional equipment.)

## HOUSE WITH A DIVIDEND

**ANDOVER - - On Salem Street with Phillips Academy as a neighbor!**

A rare opportunity for an executive family with young children. Over an acre of land with a large back field for a garden, pets, and Saturday touch football games. The neighborhood is tops and all the homes in the neighborhood are substantial!

The home is circa 1800 and many of the colonial features are still present. The first floor features a center entrance hall; a living room with fireplaces; dining room with fireplace; kitchen with room for a breakfast nook; a panelled den with wet bar and refrigerator; plus a perfect small office or study!

The second floor: master bedroom suite with fireplace and bath and hideaway sitting room. Three more bedrooms and bath.

The third floor has ample finished storage.

A large two-stall garage.

A formal garden needs a little loving attention to restore its former beauty.

OH - THE DIVIDEND: A four-room 200 year old guest house reputed to be one of Andover's oldest schoolhouses! Needs some repair, but kitchen and bath in addition to living room and two bedrooms!

This mini-estate is fairly priced at $80,000!

*Advertise the Action Way! The Want Ad Way!*

Cotton circles that calendar in the Lone Star State. By the time farmers on the West Texas Plains finish harvesting one year's crop, growers in the Lower Rio Grande Valley begin planting next year's crop. In a normal year, Texas-grown cotton makes up one-third of the total U.S. crop.

Horseshoe crabs live along the East and Gulf coasts one to two miles off-shore at a depth of 40 to 50 feet. Each year they come to the tidal wetlands to lay eggs, Massachusetts Audubon tells us. It has been discovered that their blood is extremely sensitive to poisons and can be a valuable diagnostic tool.

*Inveterate voter Harold Rafton was among the 600 residents who turned out Monday night for Special Town Meeting.*

## Lowell Junction

*(Continued from Page One)*

environmental problems which might complicate construction."

Cohen said that the area could be developed even further with proper access. In Andover and Wilmington alone, he said, there are 450 developable acres of industrial land which could provide 12,000 jobs down the pike. That doesn't even count Tewksbury, which cuts across I-93 as well.

At the present time, he said, there are 1300 to 1500 people employed in that section of Andover, and that number could quadruple to 6,000 in the next 20 years.

Cohen indicated that town officials still favor an I-93 interchange, probably crossing from Burtt Road to the Gillette facility. However, he said, the federal people also must look at other alternatives, including a "no build" one. Other possibilities include improvement of the Route 125 interchange or an access road up from 125.

He said long-range studies have shown that 45,000 trips a day are a possibility oln the 125 interchange in the future, if a no-build decision is reached. There are fewer than half of that now, he guessed, around 15,000 to 20,000.

Studies by the Massachusetts Department of Public Works have also indicated that existing roads and highway facilities would be severely inadequate.

Cohen said the Lowell Junction problem is one of the top two in its class for the entire Merrimack Valley Planning Commission, whose region extends from here to Newburyport.

One of the complicating factors in the matter is the fact that three towns - - Andover, Wilmington and Tewksbury - - all cross over 93 and are included in the study, and that all three are in separate regional planning commissions.

Andover officials have met with representatives of the other two towns in the past, as well as with residents who are already affected by the traffic generated out of the industrial area - - particularly residents on Clark and Dascomb Roads.

One of the main problems, Cohen said, is that traffic coming from both east and west on I-495, as well as traffic coming south on I-93, all converge on the area from the Dascomb Road exit, because it's about three minutes faster than going on to Route 125. They follow Dascomb Road and Clark Road into Ballardvale, he said, then proceed up River Street to Lowell Junction Road.

The present access road up from Route 125 is less residential.

## Skywalk Offers View

The Prudential Skywalk, on the 50th floor of the Prudential Tower Building, Boston, offers a 360-degree panorama of Boston. Depending on weather you can see as far as New Hampshire, Vermont, Gloucester and Cape Cod.

## Resignations Accepted

Stephen Jankauskas has resigned his three-year position as Special Needs Department Head of Andover Schools, to devote full-time to his responsibilities as core evaluation chairman in the Chapter 766 program.

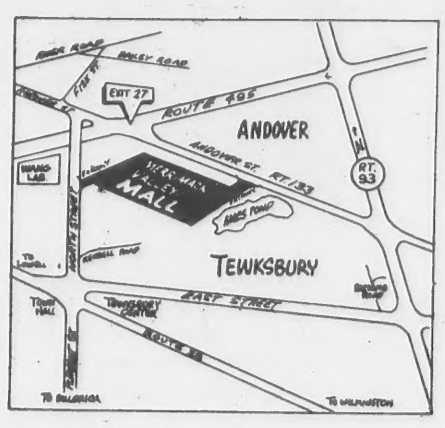

Other resignations accepted by the School Committee Tuesday night included Jean Gildman, elementary art teacher who is moving out of state; Fred Phillips, media specialist at the high school; and Ann-Bonnie Swartz, arts and crafts teacher at the high school.
